

# PEER2PEER

LEARN FROM A PEER. MENTOR A PEER. GROW TOGETHER.

The Peer2Peer Mentoring Network is a structured and accessible mentoring opportunity where two peers support each other's development by taking turns as both mentor and mentee.

Delivered through a cross-sector partnership, the programme creates space for RNZAF Mentoring Programme participants to connect with professionals outside the military, share experiences, gain fresh perspectives, and explore leadership, workplace challenges, and personal growth.

Participants attend a short online briefing before beginning monthly conversations over 4–6 sessions. Each person brings their own experience, questions, and insight, while also receiving support and challenge in return.

At its heart, Peer2Peer mentoring reminds us that everyone has something to offer and everyone has something to learn.

## **BENEFITS:**

- ✓ Develop mentoring skills
- ✓ Gain new perspectives
- ✓ Expand your professional network
- ✓ Dedicated time for reflection and growth

### **RNZAF Mentoring Programme**

**To lead workplace mentoring so that our people can unlock and achieve success.**
